

"When you help the Red Cross, you help your neighbors!"

Dr. Charles R. Drew Blood Drive 75th Grand Conclave Birmingham, Alabama

Modern advances in medicine and the skills of medical practitioners were advanced by the efforts of Dr. Charles Drew, an American Red Cross physician and member of Omega Psi Phi fraternity who was a pioneer the field of blood banking.

In honor of Dr. Drew's ground-breaking and life-saving work, the brothers of Omega Psi Phi and American Red Cross have partnered to help save lives through the gift of blood donation during the Dr. Charles Drew Memorial Blood Drive, scheduled for Friday, July 11 from 9 a.m. to 6 p.m. at the 75th Grand Conclave in Birmingham, Alabama. Our goal is to have the largest African American blood drive in the state of Alabama!

The goal of the Charles R. Drew Memorial Blood Drive is to raise awareness of the importance of blood donation. Each unit can help save a life. We want to focus on the specific needs, to increase the number of African American donors for Sickle Cell patients, especially children. Our goal to have the largest African American blood drive in the state of Alabama is obtainable, but we need your participation! We can only do this by educating our fraternity of the purposes of donating blood, to eradicate the fear of giving and to reinforce the concept that blood donors are essential to the health and safety of the many hospital patients. The life you save may be your own.

Please help to make this event memorable! This year, we have an opportunity to leave our mark in Birmingham, Alabama. We're calling all districts, chapters, brothers and their families to support this worthwhile project! Schedule your appointment today to give blood at the 75th Grand Conclave Dr. Charles Drew Memorial Blood Drive.

As an added bonus, Omega brothers who donate blood will receive a commemorative conclave t-shirt!!
